

ProFoam

Dry foam system for difficult to clean surfaces

ProFoam is a chemical foam generator that offers constant and automatic mixing of chemical with water generating a thick creamy foam, maximizing the contact time for deep disinfection of vertical or difficult to reach surfaces. The thickness of the foam reduces water and chemical waste thus reducing operational costs. Designed to meet HACCP requirements, it features a smooth, ergonomic and robust standards body and comes with a food grade, high quality hose and foam lance.

The hose uses industrial grade materials and is certified for use in food industries, included the cleaning of foodstuffs transportation. Made of 5 layers it includes a layer in polyester for additional lifetime and a blue PVC exterior layer that is anti scuff.

Features

PVC cover: HACCP compliant, smooth, ergonomic and robust

Food grade high quality hose and foam lance

Hose rack incorporated

Installation kit included and complete with mounting and suction accessories, inlet hose, discharge hose, lance and tank holder

Multi-layer hose, improves flexibility and chemical resistant, see page 41 for further information

ProFoam-R

Dry foam and rinse system for all round foam cleaning

Building on the back of ProFoam, SEKO's ProFoam-R has all the same design features and critical application uses but in addition to the ProFoam, features a rinse functionality. Like its counterpart, it is a piece of ready-to-install equipment, built with a smooth, ergonomically designed wall mounted system which offers easy installation with a need for any specific tools.

The hose uses industrial grade materials and is certified for use in food industries, included the cleaning of foodstuffs transportation. Made of 5 layers it includes a layer in polyester for additional lifetime and a blue PVC exterior layer that is anti scuff. Designed to generate a rich creamy foam, similar to the shaving cream, to maximize the contact time. Reduces water and chemical waste thus preserving the environment and reducing operational costs.

Features

PVC cover: HACCP compliant, smooth, ergonomic and robust

Food grade high quality hose, foam lance and rinse nozzle

Installation kit included and complete with mounting and suction accessories, inlet hose, discharge hose, lance, hose rack and tank holder

Multi-layer hose, improves flexibility and chemical resistant, see page 41 for further information
